
-----Power BI Index-----

✓ Power BI Introduction

- Power BI Introduction
- Power BI Architecture
- Connecting Power BI Desktop to Multiple Data Sources
- Power BI Report Server, Power BI Service, Power BI Mobile

✓ PBI Desktop Overview

- Power BI Desktop Installation
- Connecting to Data Sources, Establish connection to the Excel source
- Overview of Power Query / Query Editor - Extract, Transform & Load Data
- Power BI Desktop (Power Query, Power Pivot, Power View)
- Importing Data into Power BI or Query Editor
- Exporting Data into Power BI or Query Editor
- Creating Duplicate Pages , Hide Pages ,Rename Pages , Delete Pages
- Different Types of Filters in Power BI
- Get the Custom Visuals in Power BI
- Transforming the Data using Power Query
- Model the Data using Power Pivot – Relationship View
- Creating New Measures and New Columns using DAX – Data View
- Visualizing the Data using Power View and Power Maps – Report View
- Saving and Publishing the Visuals or Reports

✓ Power Query

- Introduction to Power Query
- Understanding Data Preparation / Cleaning
- How Power BI Queries Data
- Understanding Basic Row Operations
- Filtering the Data
- Analyzing Columns & Removing Blank Fields
- Choosing & Removing Columns
- Extracting Data, Splitting columns & Sorting Multiple Columns
- Understanding Group BY Feature
- Replacing Values
- Understanding Append Feature & Merge Queries
- Working with Dates
- Understanding Data Formats
- Understanding Pivoting & Unpivoting
- Datatypes and Filters in Power Query
- Basic Mathematical Operations
- Understanding Custom Columns , Conditional Column , Index Column

✓ DAX Functions:

- Aggregation Functions
- Date and Time Functions

- Filter Functions
- Information Functions
- Logical Functions
- Math and Trig Functions
- Other Functions
- Relationship Functions
- Statistical Functions
- Table Manipulation Functions
- Text Functions
- Time Intelligence Functions

✓ **Power Data Model:**

- Data Model Introduction
- Understanding Relationships
- Understanding Cardinality & Types
- Understanding Cross Filter Direction
- Understanding Active Properties

✓ **Power View:**

- Organizing Visuals
- Filters in Power View
- Hierarchies & Drill Down
- Understanding Drill Through
- Understanding Edit Interactions , Arrange Visuals
- Understanding Buttons , Bookmarks ,Sync Slicer
- Creating Duplicating Pages , Hiding Pages ,Rename Pages
- Understanding Format options for each Visual

✓ **Power BI Service**

- Power BI Service Introduction
- Workspaces
- Different Types of Sharing Reports
- Dashboards Development
- Data Gateways
- Sharing Power BI Content using Apps and Content Packs
- Dataflows

✓ **Last 2 Months New Power BI Updates**

✓ **Realtime Scenarios**

✓ **Interview Questions Discussion**

✓ **Resume Preparation**

✓ **Naukri Update**

✓ **How you can reply to company mails**

✓ **Power Apps Demo**
